

Me, Myself & I

L7

Me myself and i
Will never be lonely
As long as i
Stick together
Like glue
Without you

I lie here on the couch
Thinking about potatoes and me
And I realize
Destined to be french fries

Me myself
Me myself and i

My ship's been tossed about
Have some decency
The only friends I've got left
Are my idiosyncrasies

Me myself
Me myself and i
