

## Scatter The Rats

L7

Rattle the walls  
Let the plaster break  
Turn the lights on  
And see the big one shake

Scatter the rats  
Scatter the rats

Some people say pigeons are rats with wings  
These can't fly get rid of these things  
Leaving a trail of destructive wake  
Get'em gone for heaven's sake

When the rats show up as bullies and takes  
Feeding on corruption and spitting out hate  
Stay high and wide, when they're too low to combat  
Turn up the volume and scatter the rats
