Three Days

L7

Three days I dread to see arrive
Three days I hate to be alive
Three days filled with tears and sorrow
Yesterday, today and tomorrow

There are three days I know I will be blue
Three days I'll dream of you
And it does no good to wish these days will end
'Cause the same three days start over again

Three days I dread to see arrive
Three days I hate to be alive
Three days filled with tears and sorrow
Yesterday, today and tomorrow

And the day after, and the day after, and the year after that

There are three days I know I will be blue
Three days I'll dream of you
And it does no good to wish these days to end
'Cause the same three days start over again

There are three days I know I will be blue
Three days I'll dream of you
It does no good to wish these days to end
'Cause the same three days start over again

Three days
Three days
Three days
Three days
Three days
Three days
Three days
Three days
