

Till the Wheels Fall Off

L7

You and me 'till the wheels fall off
You and me, we just fit
I'm addicted and I can't quit
You and me 'till the wheels fall off

You and me 'till the wheels fall off
You and me, we just fit
I'm addicted and I can't quit
You and me 'till the wheels fall off
People say you're
I don't care, let's go, go, go
You and me 'till the wheels fall off
