

## Fallin' In Love

La Bouche

Baby, Baby, fallin' in love, I'm fallin' in love again

Fall in love again

Baby, Baby, fallin' in love, I'm fallin' in love again

Every day I love you more and more and more

Baby, Baby, fallin' in love, I'm fallin' in love again

Oho

I could never see, what they have ment to me

Then you came and made our dream, my reality

Oh, maybe you can't see all the things you've lent to me

But my simple game is up again, boy you've got the key

Baby, Baby, fallin' in love, I'm fallin' in love again

Every day I love you more and more and more

Baby, Baby, fallin' in love, I'm fallin' in love again

Oho

Seem's like yesterday, you and I press love this way

Now I know how love can grow, each and every day

As we're laying in the midnight-hour, feel those rythm-power

So strong and bold is what I'm goes, mystery to me

Baby, Baby, fallin' in love, I'm fallin' in love again

Every day I love you more and more and more

Baby, Baby, fallin' in love, I'm fallin' in love again

Hey

I never dream that my summertime-friend can show me

how much pleasure the weather could bring

How deph't by the far place time I don't waste,

just I love you so, then increased the past

Your natural body parfum writes up any room

one gas and my spirits taken up that

It feels good, when your woman is your best friend

but it's better, when you fall in love again.

Huhu

Baby, Baby, fallin' in love, I'm fallin' in love again

Every day I love you more and more and more

Fallin' in love

Baby, Baby, fallin' in love, I'm fallin' in love again

Love, I'm in love, I'm in love, I'm in love , I'm in love

Huhu,

Baby, Baby, fallin' in love, I'm fallin' in love again

Every day I love you more and more and more

Baby, Baby, fallin' in love, I'm fallin' in love again

Every day I love your more and more

Baby, Baby, fallin' in love
