

You Won't Forget Me

La Bouche

Tonight is the night
Your gonna get the best
I'll teach you right, I'm better than the rest
Wherever you go and wherever you will be
You won't forget me,
You won't forget me.

Uh uh uh na-na-na-na
You're gonna miss what I got to offer
Uh uh uh na-na-na-na

When you need action, love and affection
You're gonna run to me.
And when you're freezin' you'll search for me to be your cover.
When you feel lonely I'll be only one to set you free.
If you're man enough I'll be your perfect lover endlessly

Uh uh uh na-na-na-na
Without my love you'll surely suffer
Uh uh uh na-na-na-na
You're gonna miss what I got to offer

Tonight's the night, you won't forget this love.
Relax your mind and let your body unwind.
There's no more pressure no more pain,
Tonight girl don't be ashamed.
No matter what what cravin' because I'm stayin
Provide not criticize.
No matter what the deed I'll give you what you need.
Don't doubt
Our love is turn you out.

You'll be on fire, you can't deny a love that's heaven sent.
When I touch your heart I'm gonna start a dream that never ends
.

I want you, I want you
Like a drug in my vein
Like a drug in my vein

You won't forget meeeee!
