

With Davey

La Luz

People tell me and I know
Life is short, so take it slow
I go where I go with Davey
I go where I go with Davey

In the mountains, in the pines
In the city, one more time
I go where I go with Davey
I go where I go with Davey

No one knows it when you die
That's why I keep him around
I go where I go with Davey
I go where I go with Davey

In the mountains, in the pines
In the city, one more time
I go where I go with Davey
I go where I go with Davey
