

You Can Never Know

La Luz

I've been told that what I seek I'll find
(Oh, waiting on the other side)
Laid before me till the end of time
(Oh, waiting on the other side)

All mine
(Oh, waiting on the other side)
All mine
(Oh, waiting on the other side)

What would you do to get that high?
(All the way to the other side)
Bash out my teeth and slip my mind
(All the way to the other side)

Oh, I
(Oh, take me to the other side)
Oh, I
(Oh, take me to the other side)

You can never know
How I want you so
You can never know
