

Time of My Life

Laakso

City to city
We're all on no sleep
One of us here is soon on TV
Rumbling through wastelands
Rumbling through town
Someone is working on bringing us hype

I'm gonna have the time of my life
Yes I am, yes I am, yes I am
I'm gonna have the time of my life
Yes I am, yes I am, yes I am

I'm busy, I know
So done with coming home alone
I'm done feeling low
So done with coming home alone
Alone

Just like normal, completely sane
You share the up and down life
You share the pain
I know it's a loophole

But it's all real now
Rumbling through wastelands, no exit signs

I'm gonna have the time of my life
Yes I am, yes I am, yes I am
I'm gonna have the time of my life
Yes I am, yes I am, yes I am

I'm done feeling low
So done with coming home alone
I'm done feeling low
So done with coming home alone

I'm gonna have the time of my life
Yes I am, yes I am, yes I am

I'm done feeling low
So done with coming home alone
I'm done feeling low
So done with coming home alone
Alone
