

## True Believers

Laakso

True believers and hardcore fans  
Fill the hole in our hearts when you clap your hands  
Fill the space that's inbetween reality and fantasy  
Into the night we were chasing danger  
Into the night came a kiss to a stranger  
We both knew we'd happen real soon  
I said I did but I never left you

If you reach out you might be turned down  
If you let love in you might be turned down  
That's the pain, the price if you have a heart  
If you have a heart

Back to back, we talked about that  
Standing back, the back is what's worth (?)  
That's how trust is grown and I trusted you

Closed my eyes, leaned on you  
Moments later I fell through and I knew  
I'd just been used, fooled by you

If you reach out you might be turned down  
If you let love in you might be turned down  
That's the pain, the price if you have a heart  
If you have a heart  
If you have a heart  
If you have a heart  
If you have a heart

La la la la la

Into the night we were chasing danger  
Into the night came a kiss to a stranger  
We both knew we'd happen real soon  
I said I did but I never left you
