Plead, maybe it's time
See, I can see where you're going
So take me down a memory, 'cause baby it's passing
I can take the best of you, so baby let's go

Leaving on my own, won't be here tomorrow
Leave me no sorrow, bygones be bygones
Be now not tomorrow, will you follow?
Leaving on my own, won't be here tomorrow
Leave me no sorrow, bygones be bygones
Be now not tomorrow, will you follow?

Will you follow?
Leaving on my own
Will you follow?
Leaving on my own

I, I got a few words to say
We, we gotta turn the other way
Take me on that ecstasy, and lead me to the sun, yeah
We, we gonna need another day, yeah

Leaving on my own, won't be here tomorrow
Leave me no sorrow, bygones be bygones
Be now not tomorrow, will you follow?
Leaving on my own, won't be here tomorrow
Leave me no sorrow, bygones be bygones
Be now not tomorrow, yeah (Yeah)

Will you follow?
Leaving on my own
Will you follow?
Leaving on my own
