

I Believe

LAB

I need to know something

I need to know if you believe
Try, can you please for me? Oh yeah
'Cause I'll keep you warm with me
Do you realise what I see?
'Cause I love you, baby
Oh, you have it all, you see

Oh, I believe

And now we are on another plane, yeah
Can I take you on? We the same, oh yeah
'Cause I want it all for you (Oh baby)
And I love how you talk so free
I can't take my eyes off you, baby
Can we have it all, you see?

Oh, I believe

Oh, I believe

'Cause I'll keep you warm with me, oh baby
Do you realise what I see?
'Cause I love you, baby
And you have it all for me

Oh, I believe

Believe, believe, baby
