

# Love Will Save Me

LAB

Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me

It's the things you want  
Not the things you have  
Patience is a thing you will outlast  
You need love and attention  
Don't wanna see you cry  
Holding you my one and only high  
Oh, give me a reason to make you feel good  
You're glorified, tall and high  
My first-born, my first child  
No one will love you  
It's all that the dad will do

Papa's gonna play you another tune  
He's gonna burn you with attitude  
Papa's gonna play you another tune  
He's gonna burn you with attitude

From the day you were born  
I knew that you were strong  
Thinking you were right, but sometimes wrong  
I would hold you gently  
Keep me up all night  
You change me to a man to do what's right

I'll give you love  
'Cause you're my baby girl  
A father knows what's right in this bad world  
People, people will play you  
they will break your heart  
Leave you in the cold, where do I start?

And now she feels lonely  
'Cause she wants her daddy  
A man will play you  
break your heart and run away  
But you've still got family

Papa's gonna play you another tune  
He's gonna burn you with attitude  
Papa's gonna play you another tune  
He's gonna burn you with attitude

She's still his baby  
One that would bring him life  
Even though he's growing old and fades away  
Love will come saving

Love will save me

Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me

Papa's gonna play you another tune  
He's gonna burn you with attitude  
Papa's gonna play you another tune  
He's gonna hurt you with attitude

Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me  
Love will save me
