

# Natural

LAB

Your land in the morning light  
Your whisper in the dead of the night  
The line is growing thin  
Of where I am, you begin  
It's only natural to do  
I'm feeling natural with you

It's your smile, in the market place  
Your touch when we meet again  
It's more than it was at the start  
Oh come closer to my heart  
It's only natural to do, baby  
I'm feeling natural with you  
It's only natural to do, baby  
I'm feeling natural with you

I won't find another love like this  
They say love is never easy, they ain't wrong  
Oh I know, I know, I know I'm holding on  
To what we had, baby I stay strong  
Cause you never go wrong, baby  
Oh, baby can't you tell  
Well I know what you need baby, I can tell when you're missing  
me  
Hmm, won't you love me baby (won't you, won't you)  
It's only natural to do  
I'm feeling natural with you  
It's only natural to do, baby  
I'm feeling natural with you  
Oh I know, I know, I know, I know, I know
