

# Running

LAB

Early in the morning, I lay on my throne  
There's nothing else that I want more than laying in the sun  
I feel no pain, the music's in me  
My getaway is my high, my remedy  
Sometimes you know situations  
We're running, we're running

Walking through these open halls, I'm falling out the door  
Always lived a life of love, but nowhere else to go  
(Oh Lord I know) Oh Lord I know  
(So mesmerizing) Just want to be free  
Sometimes you know situations  
We're running, we're running

(Oh Lord I know) Oh Lord I know  
(So mesmerizing) Just want to be free  
Sometimes you know that situation  
I'm running, I'm running

Can you tell that I need more, somebody make a move  
(Somebody make a move, oh no)  
The music of the world right now is something I will do  
(I'm in the rain) We are dancing, we free  
(Who can I say) It's my high, my remedy  
Sometimes you know that situation  
I'm running, I'm running

(Oh Lord I know) Oh Lord I know  
(So mesmerizing) Just want to be free  
Sometimes you know that situation  
I'm running, I'm running

(Oh Lord I know) Oh Lord I know  
(So mesmerizing) Just want to be free  
Sometimes you know that situation  
I'm running, I'm running

(Oh Lord I know) Oh Lord I know  
(So mesmerizing) Just want to be free  
Sometimes you know that situation  
I'm running, I'm running

(Oh Lord I know) Oh Lord  
I'm running everywhere for you  
(Oh Lord I know) Oh Lord
