

Why Oh Why

LAB

Love over all, mash it up!

Love, love, love, love
I feel it in my soul
Singing, I can't breathe
This feeling that I hold
I praying, oh, I'm begging on my knees
Sing it again, yeah

Why, oh, why
I need you in my life
Saying, I can't lie
It's something that I need
I'm praying, lord, I'm begging on my knees, yeah

I got that feeling
You feel it too (feel it too)
It's not easy if we try
Sometimes love we can't deny
I've got that meaning (got that meaning)
Slowly so true (oh)
It's that love, you can't deny
I can see it in your eyes
One on one is something knowing we must do

Singing, now, I know (yeah)
The power in my soul
You can be anything you dream
Oh, holy lord, I'm getting on my knees
I got that feeling, (oh) you feel it too (oh)
It's not easy if we try
Sometimes love we can't deny
I've got that meaning
Slowly so true
It's that love, you can't deny
I can see it in your eyes
One on one is something knowing we must do (tell me again)

I got that feeling
You feel it too
It's not easy if we try
Sometimes love we can't deny
I've got that meaning
Slowly so true
It's that love, you can't deny
I can see it in your eyes
One on one is something knowing we must do
One on one is something knowing we must do
One on one is something knowing we must do

Why, oh, why (oh why)
I need you in my life (babe, I need you)
Saying, I can't lie (oh, I can't lie)
