

Peace With Yourself

Labelle

Tell me what's the sense of giving
When you can't receive
Trusting in the power
Of something you don't believe
Listening to the problems of another man
Seems so easy to understand
But put yourself in the other man's place
The problems of your own you can't even face

Peace with yourself
How you gonna get it from somebody else
Can't find peace with yourself
How you gonna get it from somebody else

It's like losing
When you don't have nothing to gain
When you don't know who you are
You might as well not have a name
Turning all around and you can't get up after falling down
Get into your head and find yourself
If trouble's within
Get your head out
Start walkin' yourself on righteous ground

Peace with yourself
How you gonna get it from somebody else
Can't find peace with yourself
How you gonna get it from somebody else
Can't find peace with yourself
How you gonna get it from somebody else
Can't find peace with yourself
How you gonna get it from somebody else

If you can't get it, if you can't get it from yourself
How you gonna get it, how you gonna get it somebody else
If you can't get it, if you can't get it from yourself
How you gonna get it, how you gonna get it somebody else
If you can't get it, if you can't get it from yourself
How you gonna get it, how you gonna get it somebody else
If you can't get it, if you can't get it from yourself
How you gonna get it, how you gonna get it somebody else
