

Make My Day

Labi Siffre

Pretty little girl
Pretty little girl in a blue dress
Pretty little girl in a blue dress playing in the sand
Make my day, smile for me

Sun in the sky
Sun in the blue sky
Sun in the blue sky above my head
Make my day, shine for me

Why is today, a day like any other day
sadder than yesterday?
Minutes or hours separate me
from yesterday's man with a grin
Whatever happened to him?

Butterfly, flying by, how could you ever know?
You and your mind haven't the time
to think about things that you do
How I wish I was like you

Pretty little girl
Pretty little girl in a blue dress
Pretty little girl in a blue dress playing in the sand
Make my day, smile for me
