

Talk About

Labi Siffre

Talk about happy, that's me
I just met a beautiful dream
A beautiful dream, that's she
She smiled when I said hi

Will you talk with me? Hi!
Will you walk with me?

Well talk about pretty, that's she
Her smile like a flower growing
Talk about delirious, that's me
I lost control of her hand

When she's holding mine, feels grand
She affects my spine

This is not my first time
I've met girls before
But being here with her means so much more

Well talk about incredible, mmhm
The way she moves, it's amazing
Talk about a miracle, mmhm
I can't believe my eyes

See her everywhere, blue skies
Couldn't be so fair
