Only love me forever

Only love me wherever you are

Only love me however it is
Expiration date is forever

When I look into your eyes
When I'm drunk off your scent
As if I'm hypnotized
I was falling for you

Even when you're next to me, I miss you
Like a child, I need you. So without you, I'm done

You came like magic and bewitched me, red sun
Then you disappeared like magic and ruined me
I'm trapped in your spell and suffocating
La li: lalala boy Undo your spell

Only love me forever
Only love me wherever you are
Only love me however it is
Expiration date is forever

My days get powerless in front of a breakup
How can I eat when you left like that? I try but I can't.
I do the opposite of what I think. I try not to think
About it but I can't do it because of my heart
I miss you boy, Just erase it instead
Take me back to when we first met
Your scent, your warmth, can I forget them?
La li: lalala Now take it all away

One more time, I want to hold you. Even if
You're poison, kiss you. A day without you I can't live

You came like magic and bewitched me, red sun
Then you disappeared like magic and ruined me
I'm trapped in your spell and suffocating
La li: lalala boy Undo your spell

If there is a spell to turn back time
Can I go back to when we first met?

So now, it's time for you
To end what you started...
Cast a spell on me...
And erase my memory about you
Say obliviate

Erase it like magic, all the painful memories
Erase it like magic, as if I never knew you
If there is such a thing as a miracle, please just once
La li: lalala boy Cast this spell

Only love me forever
Only love me wherever you are
Only love me however it is
Expiration date is forever
