Would you be my love?

Uh I trust you
Yeah come on boy
I'm bringing this house down

When will he come to me?
What kind of person will he be?
What if I didn't recognize him
And just passed him by?

Hurry and come to me, you're already late
I will make you raise your hands in punishment
Where about are you?
Why are you late?

On top of the small clock that is ticking
I was busily matching my footsteps and then
Babe babe babe babe babe babe
You are coming over there (let's go)

Why did you come now? I waited for you
Will you walk over here and hug my heart?
Why did you come now? I was lonely
Will you be my man?

Would you be my love?

Lalalala you're the only one
Boom boom boom boom to be with you
Lalalala lalalala
Boom boom boom boom let's go

Is love always like this?
I didn't know that it would be today
Since I'm so nice
I guess they sent you to me right now

I'll let you go just this once (you're late)
Never be late from now on
Now you wait for me

On top of the small clock that is ticking
I was busily matching my footsteps and then
Babe babe babe babe babe babe
You are coming over there (let's go)

Why did you come now? I waited for you
Will you walk over here and hug my heart?
Why did you come now? I was lonely
Will you be my man?
Would you be my love?

My head is filled with you
You have taken over this place
The more I see you, you're a match made in heaven
You come to me like a wave in the ocean
In the lonely sky, there was one star
But you slid over to me as if coming into my embrace
Just like the dream when I'm meeting you
Now every night, will you rise for me?

I will write in my diary
I have a lot to say today
I want to slowly go to you
My heart is still a secret

Softly, my heart beat grows louder, pit-a-pat
My heart keeps creating a commotion
Babe babe babe babe babe
I fell for you

Now look here, don't move
I will prettily paste you on my first page
Look at me, don't look elsewhere
My first love has now started

Why did you come now? I waited for you
Will you walk over here and hug my heart?
Why did you come now? I was lonely
Will you be my man?
Would you be my love?
