Blow your air in me, awaken my heart
Move me with your small touch
A fantasy filled with illusions
I'll take you there

Don't be nervous, shake me up
Stop that face filled with question marks
You'll be the main character
In a story that's only possible with us

Draw something new
Find a new milestone
I'm late with my introduction
Hello, I'll be your guide
I'M YOUR GUIDE BABY

1, 2, 3, count
Hold my small hand
Wanna go anywhere?
I wanna go with you soon
Throw away your fears
Turn the page
Let's go to that place
Let's start now, let's go

We've gone to find the way in a maze
I wanna hold your hand and have a fun escape
I don't care if it's in a jungle
Let's jump around in the swamps

Be my superhero
I've been kidnapped by an evil villain
I'm so scared, save me
You will have victory

A breathtaking thriller
Even unrivaled action
I wanna fall into this romance
I wanna be in your arms

1, 2, 3, count
Hold my small hand
Wanna go anywhere?
I wanna go with you soon
Throw away your fears
Turn the page
Let's go to that place
Let's start now, let's go

Your entrance is my exclamation point
A new goal
I wanna take off this veil

Let's avoid typical stories
Look at our own scene
You can't predict
I wanna change it all up with you
I wanna hide the period
I wanna make this last for a long time
I wanna fall deeper into our adventure

1, 2, 3, count
Hold my small hand
Wanna go anywhere?
I wanna go with you soon
Throw away your fears
Turn the page
Let's go to that place
Let's start now, let's go

If you can see tomorrow, that's no fun
When you're scared, call me
I'll always be right next to you
