Sugar Sugar Sugar
Oh my god

Sugar, I keep thinking of you
Sugar, but I'm holding it in
Sugar Sugar Sugar Sugar

You know that I'm the indifferent type right?
You know,
Someone who just says whatever
I was like that up until recently
Don't just listen to this like it's a joke
Don't play around
Don't you play me play me play with me
Oh no
I'm serious, listen carefully

He's not even Kang DongWon, Kim SooHyun or Lee MinHo
But I like him so much, does that even make sense?

He's like a sweet sugar boy
It's like I've gone crazy, sweet sweet
I tried to ignore and push him away
But why again, why again, oh oh oh
He's like a magical sugar boy
Can't quit it sweet sweet
My heart is gonna rot and hurt but
Oh boy oh boy oh boy oh oh oh
Sugar Sugar Sugar Sugar

You know that I'm the type to only give
A little of my heart
I'm good with controlling how much I like someone
I was like that up until recently
Don't look at me like that
I'm serious, it's different this time
Don't you play me play me play with me
Oh no
I'm serious, listen carefully

He's not even my ideal type
Yool Hee, snap out of it, does that even make sense?

He's like a sweet sugar boy
It's like I've gone crazy, sweet sweet
I tried to ignore and push him away
But why again, why again, oh oh oh

This is my first time
I can't control my heart
I keep getting pulled to him, what do I do? Oh no
(I hate you baby)

He's like a sweet sugar boy
It's like I've gone crazy, sweet sweet
I tried to ignore and push him away

But why again, why again, oh oh oh
He's like a magical sugar boy
Can't quit it sweet sweet
My heart is gonna rot and hurt but
Oh boy oh boy oh boy oh oh oh

Sugar, I keep thinking of you
Sugar, but I'm holding it in
Sugar, it's really not easy
Sugar Sugar Sugar
