

Dotted Line / Juju Man

Labrinth

Don't you got a family to feed?
Don't you got a momma to please?
Martin Luther, I have a dream
I could put your face on the screen

I give you money comin' down like hailstones
Weather man said you're gonna need a raincoat
You can have everything that you came for
Let's make this happen
Money comin' down like hailstones
Everybody in the world need a hero
I can see you with some wings and a halo
Can you imagine?

Sign the dotted line (The dotted line)
Get all the love that money can buy (You know that he for real)
Sign (Just sign) the dotted line (The dotted line)
We'll save the world with them dreamin' eyes (I think we got a deal)

Hey-Hey
Juju

Hello, I'm wearin' your coronation
I'll make you king of everything, all it takes is your imagination

I give you money comin' down like hailstones
Weather man said you're gonna need a raincoat
You can have everything that you came for
Let's make this happen
Money comin' down like hailstones
Everybody in the world need a hero
I can see you with some wings and a halo
Can you imagine?
