

Ends & Begins

Labrinth

Longin' thoughts
Around my shoulders
Scared of the dark
But with you all over me
You light me up
Like lights on a Christmas tree

Girl, your sweet love
Ends and begins

I hear your name
I hear a melody
I'll never forget it
'Cause it's scarred in my memory
Ah, forevermore
And infinity

Ah, girl, your sweet love
Oh-oh
It ends and begins

Like a brand new star, baby
Like a brand new star, baby
Oh, reincarnated
Down from Heaven, oh

Like a brand new star, baby
Like a brand new star, baby
Oh, reincarnated
Down from Heaven, oh
