

Misbehaving

Labrinth

Ladies and gentle [x7]

Hey bring the drink come bring the stone
And bring the rock come bring the roll
Forever young let the good times roll
Forever young and it don't get old
Misbehaving, Misbehaving
You got the skins I'll bring the smoke
I'll bring the Jim she could lose those clothes
Forgive my sins I'm a saint god know, bout to throw some hail m
aries on them sweet backdoors

Misbehaving, Misbehaving
Ladies and gentle [x4]
Ladies and...

Don't tell me yes don't tell me no
I had enough when I say so
They say there's chaos where there ain't control
But I like potassium with my H2O

Misbehaving, Yea oh no

I'm buzzing I'm buzzing
Bartender keep the tap running
A&E and cardiacs, this is what we call misbehaving

Yeah, yeah, yeah
Sing that thing for me
Yeah

Misbehaving, Misbehaving
Ladies and gentlemen the moment you've all been waiting for

Hey now I love it when it goes my way my way [x3]
I love it when it goes my way my way
Hey now I love it when it goes my way my way
I love it when it goes my way my way
Hey now I love it when it goes my way my way
But you don't do it if it ain't my way
I love it when it goes my way my way
Ladies and gentleman I hope you've been entertained
Misbehaving, misbehaving
