SIN

Labrinth

I know you always need my time
I'm busy doing the devil's work
Oh oh, you're in love
But I keep sinning, sin

I know you're gon' preach tonight
But ain't nobody hear those words
Forgive me father
Because I keep sinning, sin

Baby don't you know
It's hard enough for me
Crying out for love
Don't you let me be
Baby don't you know
It's hard enough for me
Crying out for love
Don't you let me be

I know you always need my time
I'm busy doing the devil's work
Oh oh, you're in love
But I keep sinning, sin
