

Yeah  
(Woo)

Watch me walk in with the scars, uh  
Tell them bitches I've arrived, here we go (Go, go, mm)  
Wear them demons like they armors  
Mom, show them bitches I survived, here we go (Go, go)  
I'm a sinner, I'm a martyr  
But I own it like a god, here we go (Go, go, mm)  
Watch me Luke Skywalker  
Tell them bitches I'm alive, here we go

I've been down that lonely road  
I've been there and back for sure  
Better give me my flowers for it  
And I've been walking that tightrope  
Pray I keep my head screwed on when the world decapitate  
Yeah, I've been feelin' sorry for myself  
Yeah, I've been too sorry for myself  
Pity got me locked in  
I've been way too hard on myself  
I've been way too hard  
Time to spring back on some king shit

So you know there's no more playing

Watch me walk in with the scars, uh  
Tell them bitches I've arrived, here we go (Go, go)  
Wear them demons like they armors  
Mom, show them bitches I survived, here we go (Go, go)  
I'm a sinner, I'm a martyr  
But I own it like a god, here we go (Go, go)  
Watch me Luke Skywalker  
Tell them bitches I'm alive, here we go

Here we go, here we go  
Here we go, here we go  
Here we go, here we go  
Here we go, here we—  
Here we go (Here we go), here we go (Here we go)  
Here we go (Here we go), here we go (Here we go)  
Here we go (Here we go), here we go (Here we go)  
Here we go (Here we go), here we—

Star Wars, motherfucker (Yeah), Star Wars, motherfucker (Yeah)  
Star Wars, motherfucker (Uh), Star Wars, motherfucker (Uh)  
Star Wars, motherfucker (Wee), Star Wars, motherfucker
