

# WTF Are We Talking For

Labrinth

What the fuck are we talking for?  
I got no time to talk no more  
What the fuck are we squabbling for?  
We both know that you don't wanna start no war, ay  
'Cause you know mother never raised no bitch  
All I gotta do is throw a five-finger sandwich  
And you will fall so hard  
What the fuck are we talking for?  
I got no time to talk no more  
You know, you know

What the fuck are we talking for?  
I got no time to talk no more  
What the fuck are we squabbling for?  
We both know that you don't wanna start no war, ay  
'Cause you know mother never raised no bitch  
All I gotta do is throw a five-finger sandwich  
And you will fall so hard  
What the fuck are we talking for?  
I got no time to talk no more  
You know, you know
