

# Call Me

Labyrinth

... Light me now...  
There is a Light coming from S.O.U.L.-W.A.I.S.T.E.  
This time, your voice is calling me...  
Moonlight so sweetly winds the maze  
hard time, now I realize the ways to go

Where do you live? I feel cold in my heart  
we can't see the colour of the Ocean...

... all your love...

A light kills my enemy it shows her  
Goodbye, my only hope is freedom  
but you, I please you, don't be afraid  
be sure one day I'll find the way...

Where do you live? I feel cold in my heart  
we can't see the colour of the Ocean...  
What do you need? I see tears in your eyes  
we can't see the colour of the Ocean

Over, all alone you queen of Dreamland  
I'm flying away  
all the Visions behind me,  
and the time has gone away

Where do you live? I feel cold in my heart  
we can't see the colour of the Ocean...  
What do you need? I see tears in your eyes  
we can't see the colour of the Ocean
