

## Of Words And Rain

Lacrimas Profundere

Barely you can walk  
With your blood-shot eyes  
Wailing through the night  
Self abused by hate  
Losing sight of life  
Living in your lies

Rain give me the rain  
Give me your filthy rain  
Rain give me some pain  
Give me some cold hard pain  
You're the answer to my question  
Can you feel my dark intention  
Down in hell  
Down in hell

Sinful seems my day  
Set your heart on fire  
I did it like a liar  
Betrayed all the trust  
Don't know who I am  
Living in your lies
