

## A Prayer for Your Heart

Lacrimosa

Panic - let me search for you  
Keep you close - so close  
Get my strength through you  
Vanish - all this endless pain  
Come back to me  
Let's turn back the time

The past calls me - longing to you  
I'm still in love - with all that you did  
Oh - I can't be aware  
Of all the things that you are  
Let me hold on to you  
Like you are in my memories  
Come back to me

Life - I won't let it in  
Rather push it out  
Dig my fear in substitutes  
Pray - I will pray for your heart  
To stop to bleed  
And to cure that disease

Now I know that you love me still  
It won't change a thing  
I will never make you hope  
I am your love lost  
Don't disappear - You're such a good memory  
Let me unchain you from me

His my sole prayer  
For bleesing your heart  
The strenght you had  
Has vanished in vain  
I would give you a hand  
If only that would help  
Ist time to restart  
And to step into the world  
Out of the dream  
Into your life?
