

# Ain't No Question

Lacy J. Dalton

I've had my dad's bad luck before  
I've heard the sound of a slammin' door  
When I found you and I found out  
I don't have to worry anymore

Ain't no question 'bout you, baby  
Ain't no question if your love is true  
Honey, I don't have to ask (Honey, I don't have to ask)  
"Is it gonna last my whole life through?"  
Ain't no question when the answer is you

(Whoo) In your arms, I'm finally home  
I feel a peace I've never known  
(Whoo) Soul adheres safe and warm  
I know I'll never be lone

Ain't no question 'bout you, baby  
Ain't no question if your love is true  
Honey, I don't have to ask (Honey, I don't have to ask)  
"Is it gonna last my whole life through?"  
Ain't no question when the answer is you
