

Heart of Hearts

Lacy J. Dalton

When these neon cities bring you down
Heart of hearts stay open
When you're lost and lonely in a crowd
Heart of hearts stay open, stay open

When you cannot find no one to love
Heart of hearts stay open
There is just one way to rise above
Heart of hearts stay open, stay open

When the world and all her sorrows seems to bind you
And you feel as if your dreams are caving in
When you fear that all your good years are behind you
Look within, look within

'Cause all the King's horses
Angels and men are all hoping
We're all hoping
Heart of hearts stay open, stay open

When you've lost the will to carry on
Heart of hearts stay open
There's a greater strength to lean upon
Heart of hearts stay open, stay open

When the last wild place is trampled down
Heart of hearts stay open
There's a free wild space where grace abounds
Heart of hearts stay open, stay open

'Cause all the King's horses
Angels and men are all hoping
We're all hoping
Heart of hearts stay open, stay open

Stay open
(Stay open)
(Stay open)
Stay open
(Stay)
