I know that she likes it
I know that she fucks with me, oh
Say she likes it

I know that she want it
I know that she fucks with me, oh

Girl am feeling bad you know
You're the best I ever had you know
You hate it when I have to go
'Cause you're stuck there tryna catch a vibe alone
I miss your little fashion shows
Switch up for me, baby fast and slow, yeah
Love at first sight gets old
But you know it's for life when attraction grows, yeah
Based on that
Baby let me pamper you
Baby let's make plans for two
No telling what these hands will do

Girl you deserve money
I'll love you like your own daddy, oh
Make you just dey whine steady
Make you just dey whine steady

If she want it
I know that she want it
I know that she likes it
I know that she fucks with me, oh
Say she likes it
I know that she likes it
I know that she want it
I know that she fucks with me, oh

Young money like Starboy

Flow so easy
Lagos to Accra babe
Life so easy
You got big problems?
Put them in my laps
See the boy never snaps 'cause I fuck with you
Yeah, you know I rap like really
With you it's like am letting down my guard so freely
Relax, let your hair fall, don't tease me
Magic fingers in your tracks like Sheezy
Uh, that last line so cheesy
But I can be myself with you
Tell me what's a man to do
So lost in your whole perfume

Girl you deserve money
I'll love you like your own daddy, oh
Make you just dey whine steady
(Make you just dey whine baby)

If she want it
I know that she want it
I know that she likes it
I know that she fucks with me, oh
