

Falling

LADIPOE

High on me, baby, 'cause you light up on it
Eyes on me, baby, when you whine up on it
Die for you, baby, put my life upon it
Ride for me, baby, you know, I must admit
When you do like that
You make me want move right back
Why can't we move time back?
Why can't we do like that?
Yeah

If I was Moses, I'll part seas and move mountains
Your heart bleeds for a new accountant
'Cause it was stolen, I should've taken more care
When I stepped up to be the one that you had chosen
I wish we could go back
Time doesn't care about missed opportunities
Or lies we both use
Or the price of the queen that I lost in two moves
I wanna kiss the scar
Even though I left the bruise on your heart

My name is on your lips
And I see you everywhere I go
Baby, if I slip
Would you

Save me when I'm falling
Even when I'm all in
They don't make love like this no more
Answer when I'm calling
Come around my way
Don't leave, just stay
I don't wanna make the same mistakes, yeah
(Save me when I'm falling)

High on me, baby, 'cause you light up on it
Eyes on me, baby, when you whine up on it
Die for you, baby, put my life upon it
Ride for me, baby, you know, I must admit

I made mistakes, I can't forget it
I felt your love, its incandescence
Nothing's changed except addresses
One song can't hold all my confessions
But it's not enough though
We should've stayed exclusive like country club though
I held on to excuses, it's time to let go
'Cause immature games are for old Nintendos
I, I had to realize sometimes falling is the biggest step that we ever take
All I need is a leap of faith
Help

Save me when I'm falling
Even when I'm all in
They don't make love like this no more
Answer when I'm calling
Come around my way

Don't leave, just stay
I don't wanna make the same mistakes, yeah
(Save me when I'm falling)

High on me, baby, 'cause you light up on it
Eyes on me, baby, when you whine up on it
Die for you, baby, put my life upon it
Ride for me, baby, you know, I must admit
When you do like that

Why can't we move time back?
Why can't we do like that?

I made mistakes, I can't
I felt your love, it's

I made mistakes, I can't
I felt your love, it's
