

Lemme Know

LADIPOE

Yeah
Yeah
Yeah
Yeah

Your sugar mummy on my case like Teni
I hate the jealousy but love the envy
All eyes on me, I feel like Makavelli
You are on this wave then raise your hand and let me know

Your sugar mummy on my case like Teni
I hate the jealousy but love the envy
All eyes on me I feel like Makaveli
You are on this wave then raise your hand and let me know

Yeah, ladies you don't have to pretend
So many of you in the DM
Guessing some of them, they must be made of honest
How am booking weddings every weekend
Spending nine to five at the traffic light
People no dey really see the sacrifice
Still they judging who you put the booty on
Abeg back it up with every kilobytes
I know, I am just trying to break the cycle
Am playing maker 'fore my life goes
Things ain't sliding back, they ain't black and white
They ain't half as bad as Michael
We got gang, gang, gang
Femi Kuti, we bang, bang, bang
Fire bender like Aang, Aang, Aang
Now we laughing to the bank, bank, bank, bank
(Woo)
We no dey recognize face
You can never stop our drive, you're using second hand brakes
Every pastor that I meet just wants to give me handshake
How I turned one unbeliever into my current fan base
Like, oh, by the way
They owe me something from the budget of the ministry of works
'Cause I'm paving the way
A super hero has to really know his worth
Before he ever thinks of saving the day
Please be careful when you're spelling my name
All in capital, we're in ABJ
And I think we really need a bigger display, hold up, hold up
Your sugar mummy on my case like Teni
(Yeah remix)

Take you 50 floors up in my condo
Yeah how we go oo , how we go
Catching flights from Lagos down to Monaco
Ohhh, where the ballers dey ?

Doing 95 from Lekki straight to Mende
Yeah, Omo dey your dey
Say, make I dey my day
Cos I'm mother-fucking coal like I am wande
