

# Rap Messiah

LADIPOE

All rise  
It's Ladipoe  
Let's do that

Hip Hop, Drill, EDM  
Always killing shit on Afrobeats  
Niggas tryna raise the BPM  
I'm trying to raise the GDP  
Yeah, I'm talking in per capita  
Rap Messiah, saving Africa  
Bearing all the crossfire  
Still an all-timer in the shooting caliber (wo)

Oya welcome to the zoo  
Debating how so and so might be the G.O.A.T  
When it's me that's the elephant up in the room

RIP Woo  
Omo e don do  
You want war better make it art Sun Tzu  
Hit 'em with the sonic boom

Right down to the after life  
Asshole talk to me nice  
Think it's funny killing rappers seems  
(But you knew that) it's a rapper life  
Ladipoe that's a copyright  
Pardon me on looking down on niggas  
Having conversations at your proper height

Okay okay  
Abi werey dey disguise  
E so fun wan soro soke  
But it's okay  
We dey go block Admiralty Way  
No be today

Dunno why you rewrite verses  
Soon as I jump on it  
Maybe 'cause every time I spit lines  
I put my life on it  
Ladipoe

(Arrg, wo, arrg)  
(I put my life on it)

Take my advice on it  
Ego and pride on it  
Can't put a price, value or size on it  
Peter Rufai in a shirt and tie  
Protecting the goal is a nine to five  
My résumé long as the number pi  
I I'm a fucking vibe!  
Up close no quotes  
Way too blunt and cutthroat
