

Crazy Love

Lady A

I was lost
Like a broken whiskey bottle in an alley
You should've but you wouldn't leave without me
You took me home

We were wild ones
Burning like that backseat back in Norway
And everybody said they wouldn't do it
But they were wrong

You, you were reckless on that day you took my hand
But you, you could see right through the boy and see a man
And here I stand

Thank God for you
Thank God for us
Thank God for crazy love

Ain't it funny
Have a couple of silly kids, could see forever
And looking back, we shouldn't be together
But here we are

Oh you, you were reckless on that day you took my hand
But you, you could see right through the boy and see a man
And here I stand

Thank God for you
Thank God for us
Thank God for crazy love

And you, you were reckless on that day you took my hand
Oh but you, you could see right through the boy and see a man
Girl, here I stand

Thank God for you
Thank God for us
Thank God for crazy love

Thank God above
We never gave up
Thank God for crazy love
