

## A Mountain Range

Lady Lamb

Sky blue sky  
Blue sky so blue  
Wash out my ribs  
My feet and my shoes  
Sky blue sky  
Blue sky so blue  
Weigh down my back  
The sun in your shoes

Sky blue sky  
Blue sky so blue  
Thoughts in my head  
I'm thinkin' with you

There's a mountain range in my head  
You're standin' on the zenith with thoughts in your head  
I try to climb the side of it all caught in the rocks  
It's gettin' harder and harder to reach your love
