Until I Am Bones

Lady Lamb

Whether I have cucumbers over my eyes, or whether I have coins
I love you until I am bones
Until I am bones

I have been waiting for you all my life
Wherever you are, go on and show yourself to me

Whether I'm on my way to the city, or whether I'm headed home
I love you, I love you in my bones
I love you in my bones
I love you in my bones

I'm gonna put you in my song
I'm gonna sing you loudly, gonna sing you loudly
Gonna put you in my song
I'm going to sing you loudly, going to sing you loudly
Gonna put you in my song
I'm gonna sing you loudly, gonna sing you loudly
Gonna put you in my song

And whether I have cucumbers over my eyes, or whether I'm on my way to the city
If there are coins over my eyes, or if I'm headed, headed home
You know I love you, oh, how I love you in my bones

I have been waiting for you all my life
Wherever you are, go on and show yourself to me
