

## Cadet Tribute

Lady Leshurr

I woke up around 11:30 this mornin' and I grabbed my phone  
I said everybody tweeting "RIP Cadet", my minds was blown  
I was confused  
Why's he all over the news?  
Then I see he died in a car crash same time I was writing for o  
ur tune  
That was last night  
You've always been lovely to me so it just couldn't be  
Another young king taken from another family that now has to gr  
ieve  
I was spitting bars in the car  
Hitting up off this, killing the rhyiming  
Storytelling and styling  
On 'em, willing slying, inspired me  
Through the grime G  
Now I'm sitting here writing  
Likkle juice and vibesing  
Thinking 'bout all of your bets that took place when I was just  
-  
Thinking 'bout all of my ex's that I need to give calls or a me  
ssage  
Tell 'em that we cool  
Only man I messed with, only you  
Family that I need to speak to  
Keep immature between me and you  
Life's so short and we can be through  
Over the voice now and be good  
Live your life cah it can kill you yeah
