Lady Leshurr

If you didn't do no 1 take videos before you saw mine then low it
Them man are just cowards
On another level Dane bowers
Pull up in the Austin Powers
Pull up in the skurr skurr skeet
Snatch your wig like YEET
YZY on the feet
Why's this guy wanna pree?
I'm like
Why dem a watching Lesh
Is it dem enemies?
Cus I don't really know why they lie though
And my pockets too fat don't like the lipo
Bare Queens now affi divide up my throne
And I had to hit em with Dynamites flow
Like Boo In a ya head
Gyal a get torn up gyal ah get Shred
Too many things that have gone unsaid it's dread
Send a likkle gyal to her bed
Crowd go boo cah you too dead
Go get a 9-5 instead
Money come fresh the ink is still wet
Like jet ski
And I'll Leave a buff ting on read

Soon I'm make a big come back
I went away I didn't wanna come back
Had to get my mind right had to get the love back
Things got on top and I was going under
I had to dun that
Manager bun that
Money affi Run back
Paigons shut that
Connects in Punjab
One jab put em on their bum flat
Affi call my mom back
Life's too short so I tell her that I love her
Feed my fam one after the other
I see Judas at the Last Supper
None of you know what it is to Suffer
Look I don't really know why they lie though
Pockets too fat don't like the lipo
Bares Queen now affi divide up my throne
And I had to hit em with Dynamites flow
They watching Lesh
