

From the Jump

Lady Leshurr

From the jump
From the what? (Dusty Goodz)
From the jump

Collect cash from the jump
Business dump from the jump
If this transaction is long
I be like quick, quick fast then I'm gone
I've gotta get big bags every month
I buy this, this, that for my mum
Free Smoke, take these fags to the lungs
And your mister's back needs a rub

When I'm in my element
The bars come big like elephant
I'm gone, no trace, no evidence
Fake gyal, if the shoe fits get the measurements
They're just gassed off adrenaline
When I put the L in relevant
I open the door for them, like a gentleman
And they wanna close it, I ain't letting them (Cheeky)
Beep, beep in a taxi (Beep, beep!)
Your girl looking sweeter than candy
I got your man in my ear like a [?]
Sayin' all this, this, that about family
[?] skeet skeet down in the back street
Now were en route to somewhere fancy
Prices high, they're dear, no Bambi
And I told him my name was Mandy

Mi touch down from the (Jump!)
All the way up with the (Jump!)
Coulda ducked down when I (Jump!)
Mic check, criss cross when I (Jump!)
Gyal leap like frog when I (Jump!)
In the spring, we spring from the (Jump!)
Yo, mi touch down from the (Jump!)
Go all the way for the (Jump! Woo! Let's go!)
Everybody just jump (Jump, jump)
Everybody just jump (Jump, jump)

Who's that? Check that, mad [?]
Take no chat from a yat, are you dumb?
Running this ting like Forrest Gump
Now they hate me like Donald Trump
Jesus, why they moving so sleazy
Bank account, it increases
Lord, trust me dawg, it's not easy

[?] in the field, so breezy
Let me spill the tea, is that PG?
Your man keeps calling me Breezy
He wants the chocolate, the Reese Pieces
He wants the chocolate, the divine
In the metropolis to unwind
She wants the opposite and that's fine
You didn't watch enough [?]
Take your seat, it's like cinema
Brudda can't chat to me, they can't see mi now
Beef me, come with salt and some vinegar
They don't ball no more, Gary Lineker
