

# Giddy Up

Lady Leshurr

Giddy up, giddy, giddy up  
I'm riding on my dark knight so I giddy giddy up  
It's looking like a dark night, I'm at the farm side  
Looking like a right hillbilly billy [?]  
I got my tumblers, my [?] and my dungarees, fresh white top that is tucked i  
n underneath  
I got some workers in the field, picking corn, they're on their knees  
Got milk? I be where the udders be  
Udder, udder, there isn't no other that does it like moi, I'm a fly mutha'uc  
ka  
You might catch me in my tractor, vroom, vroom, I'm in my trucka  
Car broke down so now I have to get my pickup trucka  
But wait, hold your horses, I need to feed the chickens  
Bringing in the bacon when I look after my piggies  
You might catch me in the shade and I'mma play on my guitar like  
Giddy up (yeehaw)

Giddy up, giddy, giddy up  
We go hard in the barn like we don't give a uh (yeehaw)  
Giddy up, giddy, giddy up  
I be feeding all your chickens and your pigs and your ducks (yeehaw)  
Giddy up, giddy, giddy up  
We go hard in the barn like we don't give a uh (yeehaw)  
Giddy up, giddy, giddy up  
I be feeding all your chickens and your pigs and your ducks

I got them giddy up flows  
And my Polos got the horses  
I don't care that you drove and I don't care about the Porsches  
Sitting in the farmhouse, sitting where the straw is  
Open up the door and my stable's looking flawless  
Make them drop, drop, drop where the floor is  
Gotta, put on my Wellies 'cause the rain is kinda heavy  
I be walking through the fields and I be hiking up the hills  
Finding lost gold [?]  
Sat down playing checkers, got a checkered shirt and leggings  
Dungarees, all denim, that is what I tell them  
I ride the beat, giddy giddy on your feet  
I lost a horseshoe no luck, I got your feet, it's P  
Don't cross me for a chicken, that I'm kinda finger licking  
You're moving like a cow, and I can play the chicken

Jumping on the horse, giddy, giddy, giddy

Giddy up, giddy, giddy up  
We go hard in the barn like we don't give a uh (yeehaw)  
Giddy up, giddy, giddy up  
I be feeding all your chickens and your pigs and your ducks (yeehaw)  
Giddy up, giddy, giddy up  
We go hard in the barn like we don't give a uh (yeehaw)  
Giddy up, giddy, giddy up  
I be feeding all your chickens and your pigs and your ducks

That horse has threw my back in, man!  
Oh, it's been a long day, man!  
Trust me, cleaning that barn...  
We go hard in the barn!

Trust me!

But seriously, though, go and clean the pigs, make sure that they're...

Did you feed the ducks?

I've fed - I've done - I've fed the ducks, I did my part!

Alright, alright...

Go make sure the horses are in the stable...

Giddy up, giddy, giddy up

We go hard in the barn like we don't give a uh (yeehaw)

Giddy up, giddy, giddy up

I be feeding all your chickens and your pigs and your ducks (yeehaw)

Giddy up, giddy, giddy up

We go hard in the barn like we don't give a uh (yeehaw)

Giddy up, giddy, giddy up

I be feeding all your chickens and your pigs and your ducks

Giddy up, giddy, giddy up (we go hard in the barn like oh yeah)

We go hard in the barn like we don't give a uh (we go hard in the barn like oh yeah)

Giddy up, giddy, giddy up (we go hard in the barn like oh yeah, oh yeah, oh yeah)

I be feeding all your chickens and your pigs and your ducks

(We go hard in the barn like oh yeah)

We go hard in the barn like we don't give a uh (oh yeah)

(We go hard in the barn like oh yeah, oh yeah, oh yeah)

We be feeding all your chickens and your pigs and your ducks (yeehaw!)
