

## Lil Bit Of Lesh Intro

Lady Leshurr

I've been searching for the light  
But little did I know I'd shine  
And I'm in my own lane  
And little did you know I'd drive  
I find myself tryna when I'm by myself  
Its just me myself and I  
With the respect that I have left  
I'm gonna be alright cause I'm on my grind  
All day all night  
I rarely ever get no sleep  
I gave em a little I gave em a piece  
Now everybody want a little bit of Lesh  
They don't really wanna let me off the Lesh  
And I really love music I want it to be  
Mine...

Look I stay truthful I never lie  
I ain't got time to be in no sheets  
Whenever there's a group of black people you will always find p  
olice  
They can't see that my flow is so deep  
Like an O-C-E-A-N-O beach  
When I do my own shows I fill those seats  
When I win a MOBO you can hear my grown speech  
Can't trust nobody, I'm beginning to believe  
Cause somebody had wanted to achieve  
Deep down they never wanted me to succeed  
So I now keep a head down whenever we meet  
I have never just gave to receive  
Money can't buy love so when you got the receipt  
Can't take out this
