

# Look At Me Now

Lady Leshurr

I got that automatic tongue  
Automatic lyrics  
Automatic whip  
Automatics in it  
Yup yup my ish look like a monster  
They know how to act when I arrive, give them an Oscar  
Because they love me, I'm on my Justin Bieber  
I got the ice on my wrist, encrusted fever  
He likes it fast and furious, I call him Vin Diesel  
He likes to gas to all of us, I tell him bring diesel

Look at me now  
Look at me now  
Oh oh  
I'm getting famous  
Look at me now, oh  
Look at me now, your  
Fresher than a newborn

I'm a woman doing this for anybody that wanted to do it but they couldn't ca  
use they're on some ish  
Better cuff your man if you understand hold him tighter than a rubber band c  
ause he's on my tits  
Oops I said on my tits, I didn't really mean to say on my tits,  
but since we talking about my titties, all of you haters say hi to them  
I'm done

Aye, aye!  
Now I'm a get up on this riddim, kill them with a million of flows  
Got everybody looking at me thinking that I'm cold  
Man I'm deading anybody that is in my friggin' road  
And evidently bigger than many that think their cold  
I'm on a roll, and if they didn't know now they know  
And I'mma blow gonna explode watch when I go  
And I'mma float, I'm wavy man I didn't need a boat  
Make them dissolve, I'm telling you now do not get involved  
'Cos everytime I jump on the riddim I friggin' kill 'em  
Man I didn't even mean to a villain I got skill and  
I flip on any beat I just sicken the pace will quicken  
The riddim of riddims man I've rid em they all know I've risen risen  
Everybody gimme some room when I dougie through  
Got the moves to make you double take I do not mean the shoot  
And I do not wanna demonstrate on what I really do  
'Cos I know some of you wanna hate on me I really do  
Not give a frig, they know that I'm bigger in a dis  
Needn't need a diss  
Blank them like I just give them a disc  
Are you listening written the lyrics I friggin' spit  
Got you whispering, how is she even spitting this quick  
Man I ain't even gonna admit  
So you better off jumping off up up I rise  
Shimmy shimmy shimmy down best duck duck and slide  
The sharpest around watch as I pump up the vibe like (pump pump) rush rush y  
a mind  
Guillotine of flows I'll be like Bu-Busta Rhymes  
Might bu-bust the mic  
Adjust-just your sight

I'm shining I blind I love love the light  
And I will just laugh and hold my belly and scream  
Kinda like when I was watching ba ba belly and scream  
She really beat Lesh na na na na na no  
I ain't even breathed yet...go

Look at me now  
Look at me now  
Oh oh  
I'm getting famous  
Look at me now, oh  
Look at me now, your  
Fresher than a newborn

Man F these stupid people  
How y'all feeling, my names Leshurr  
Nice to meet ya, I am here, I have class just like a teacher

I am past her, I am preacher  
Black and yellow, black and yellow. like my track was Wiz Khalifa's  
I'm, never gonna stop  
Until I drop, I'm gonna rock until I cannot feel the teeth in my mouth  
I got what they want  
Which isn't a lot  
But I'm hot  
Travel to the top with my feet off the ground  
Got a million listeners listening to everything I gotta say and anything I w  
anna do because I'm current  
I run up on them, I mean the haters of course  
Stay great with my thoughts, I do what they doesn't  
And a dozen other Leshurr lovers wanna get up on her I know they wanna they'  
re never gonna 'cos I do a runner  
Never underestimate the friggin' lyrics that I'm giving cos I'm winning and  
you might be winning but I'm living winning  
And I know you didn't pick up any word that I just said  
Wanna lie all the time, take them to bed  
Lifeless I just tek them fi dead  
They think they're necks, so I'll tek off their head  
Gimme the beat, rip it apart  
Gobble it up, spit it up  
Delivery is friggin' hard  
Donald Duck beak is out  
And I'm quack quack quacking I'm telling yelling it loud  
I'm attack tack tacking the riddim  
Bury it now  
I'm a back pack rapper, I'm fresh and getting around  
And they're jack-jacking my style  
Incredible sound inevitable now  
Tap tap tapping enemies because I' second to nowt, they're end of the ground  
, dead, never found

Look at me now  
Look at me now  
Oh oh  
I'm getting famous  
Look at me now, oh  
Look at me now, your  
Fresher than a newborn

Okay, okay  
Is that right?  
I'm fresher than a newborn...inside
