

Spazzing

Lady Leshurr

Now let me start by saying "yo my name is Lesha"
Known to blow your speaker
Grown ferocious creature
Love to work with Wayne but I'm too broke to pay the feature
Mi leave them all looking like a Hurricane Katrina
The only way to reach her is phone call me up
Skipping over the riddem like I was doing double dutch
I know alot people say that I ain't done enough
But being here is proof so button it and keep your button shut
I'm a speed it up
Gimme the riddem I'm a kill em I'm a beat it up
Incredible with the syllables eat it up
And everybody wants to get involved eat my dust
Blessed kind of like a Tabernacle
It's probably why I stand out like his Adam's apple
Can't you see Total
Been doing this way before the Butterfly and Bogle
L is the Queen
You saying that you're fire, then I'm a put you out like an album rel
ease
And I'm about to be reasonable
How could you be so selfish, you're out for the greed
And L is just leaving them all
They want to lie, go find a couch or a house for some sleep
And now they need help let the councillor speak
I leave them all leaning like an ounce full of weed
Inhale off of me
I'm heaven scent they're in L cause of me
Ring jail cause of Lesh
Cause I've got more bars than all the pens in the world
I write more lines than all the pens in the world
I'm spinning MC's, they bend then they twirl
Can I take them all on, well it depends, I'm a girl
Na forget that
It doesn't really matter about the gender
All about the lyrics, so just listen recommend ya
They're ringing my phone, I'm ringing alarms
And even if it is a bell Fender
I did this for the BET Cypher
They're loving Lesha's bars, they want to re-recite her
To spend a day with me I know they'd really like to
I'm on another level you can't see me liar
My speed be like a TT driver
Best believe me might just
Bless your TV I will
Team iPhone so I'm a dead a BB hyper
Star in the hood like Tinchy Stryder
