

The Worst

Lady Leshurr

Why did you leave me?
Why did you leave me?
Why did you say that you loved me and that you need me?
Why did you hide your phone all the time that was sneaky
It's written over your face it's like graffiti
You started acting mad and getting cheeky
Using me all the time like I was some sort of freebie
You used to eat sleep and breathe me
But now you hardly see me
I can't believe it
It's all changed
The amount of times we argue, it's always
But even though my love is deep I can cut it down in four ways
I get mad but then when I see your face I'm like

I don't need you [x4]
But I want you
I don't mean to [x4]
But I love you

Decisions, decisions
Cause I don't wanna let you go
And I just wanna let you know that you had all of my control
Your love was pouring from my soul
Smell of fears in the air
And we can feel it we are scared
Cause i don't want to see you with nobody else, and you know you feel
the same way
Because we both had each others back
We was holding each other back
Look, I'm hurting
It's long being with a new person
And even though I know your not worth it
I still come back around like a circuit, and now I'm like

I don't need you [x4]
But I want you
I don't mean to [x4]
But I love you

It's crazy man
Everything we've been through
It's finally come to an end
It just goes to show, nothing in life is guaranteed

I don't need you [x4]
But I want you
I don't mean to [x4]
But I love you
