

# Girl Like Me

Lady London

I just want you to know that I-  
I never stopped loving you  
I'll never stop  
Don't be having too much fun  
The laughter you have brung  
Far surpasses all that none  
Of what I've asked of you was done  
And I took half of you as one  
Chased after you and run  
I tried so badly to exactly be the last thing that you thunk, at night  
I get drunk at night  
Just reflecting sitting texting is you up at night?  
I'm fucking sick  
Vomit and all, I'm sad  
This ain't fucking it  
Promise I won't be mad  
Who you fucking wit?  
Answer me please  
Black heart  
A panther indeed  
I wear it all on my hands and my sleeve  
Don't go too far from me  
I let you go to let you grow  
Don't grow apart from me  
Like please don't take your heart from me  
I love you like my last breath  
Walking up my last step  
Feeling while I'm healing  
I'm still dealing with my past stress  
And I'm a let it show  
Keep it still and make it known  
They say to let it go and if it's real, it will return  
Please come back to me  
You must've wanted something different  
Still don't know what I was missing  
What you asked, I would've given  
It ain't right how these hoes be winning  
Why they be winning? Yeah  
No hope for a girl like me  
How come they be winning? Yeah  
And I ain't wanna be  
But you gon' make a hoe outta me  
I did some some shit that I'm not proud of  
I carry that weight  
When I be steady giving out love  
You carry that hate  
I wrote 100 songs about you  
100 was wrong about you  
But who was I to know that I'd  
Weather this storm without you  
You get even, I get odd  
I need you like I need God  
Put my ego to the side  
Cause I could do without my pride  
I could do without yo' lies  
I won't do without yo' touch  
I won't do without yo' smile

I won't do without yo' love  
I just won't  
You must've wanted something different  
(Baby)  
Still don't know what I was missing  
What you asked I would have given  
(I would've did that)  
It ain't right how these hoes be winning  
(Come on)  
Yeah, they be winning  
(Its no hope for me)  
No hope for a girl like me  
How come they be winning? Yeah  
And I ain't wanna be  
But you gon' make a hoe outta me  
Y'all niggas be making us sad  
Then say y'all don't know why we're mad  
So we start acting like we don't care  
'Cause y'all niggas be taking us there  
'Cause you don't want us no more  
It breaks us to the core  
You must've wanted something different  
Still don't know what you was missing  
What you asked I would have given  
It ain't right how these hoes be winning  
Why they be winning?  
No hope for a girl like me  
How come they be winning?  
I ain't wanna be  
But you gon' make a hoe outta me  
A hoe I'll be, yeah  
That's what you wanted  
That's what you get
